MY PROFILE

Highly motivated and adaptable freelance software developer with a passion for creating innovative solutions. Skilled in full-stack development and over 5 years of electronic technical service experience. Currently pursuing further education while actively contributing to successful SaaS projects. Fluent in English.

WORK EXPERIENCE

18 months
Freelance Software Developer

Developed and implemented two successful **SaaS projects**:

1. Kinder Garden School Management System:
   - Designed and built a comprehensive system for managing teachers, students, payments, and homework using HTML, CSS, JavaScript, PHP, Bootstrap, and MySQL database.
2. Inventory and Sales Management System for a Smoke Shop:
   - Created a user-friendly front-end interface for browsing products, filtering options, and completing purchases, utilizing HTML, CSS, JavaScript, PHP, Bootstrap, and MySQL database.

- Communicated closely with clients to understand requirements, provide updates, and ensure satisfaction.
- Conducted thorough testing and debugging to ensure functionality and user-friendliness.
- Provided ongoing support and maintenance to ensure the continued success of both projects.

6 months
Internship at enviaflores.com

- Collaborated with the development team to design and implement features for the enviaflores.com Android application.
- Contributed to the development of user-friendly interfaces and seamless user experiences.
- Assisted in troubleshooting and resolving technical issues to ensure optimal performance of the Android application.
- Participated in team meetings and brainstorming sessions to discuss project goals and strategies for improvement.
